

Building a Human-Centered Digital Future

Who We Are

Datanox is a global CRM, Data, and AI technology company operating across Australia, the UAE, and Pakistan. As a Microsoft Partner, we work exclusively within the Microsoft ecosystem.

We are a human-centered, excellence-driven organization, dedicated to building intelligent, accessible, and meaningful digital solutions through Dynamics 365, Power Platform, and Azure Data & AI.

What We Do

Microsoft Dynamics 365

- CRM implementation and optimization
- Customer Service, Sales, and Field Service modules

Power Platform Solutions

- Power Apps for custom business applications
- Power Automate for workflow automation

Azure Data & AI

- Data architecture, warehousing, and pipelines
- Azure-based analytics and intelligence

Digital Transformation Consulting

- Business process mapping and optimization
- Technology roadmaps and organizational enablement

Industry–Academia Innovation

- Student training in CRM, analytics, Power Apps, and Power BI
- Joint innovation labs and hackathons

Our Products

Enterprise Apps on Microsoft Eco system

Governance & Performance Platform

A unified suite for Budgeting, Project Performance and Reporting, Maturity Indexes, and KPI Reporting.

Government Enterprises

Intelli Form

The Power Pages-based drag-and-drop UI to build complex forms without custom code.

Education Not for profit Enterprises

Intelli Assessment

Manage the full assessment lifecycle from scoring rubrics to automated outcomes.

Professional Associations Not for profit Education and Other Enterprises

Our CSR Initiative: ISMAIL

Ismail is Datanox's flagship social-impact documentary film. It tells the story of a young boy who transformed his life through resilience, self-learning, and access to technology.

The film represents Datanox's commitment to:

- Youth empowerment
- Accessible digital education
- Technology-driven social upliftment
- Storytelling as a tool for change

Introducing: FYP Hub

Powered by Datanox

FYP Hub is a university-facing digital portal where students publish Final Year Projects to gain visibility among employers, collaborators, and innovators.

What FYP Hub Offers

- Centralized listing of student projects across disciplines
- A searchable showcase for recruiters and industry partners
- Opportunities for internships, collaborations, and applied research
- A platform for universities to highlight emerging talent
- Analytics on student innovation themes and skill trends

Our Vision

To build a powerful, long-term ecosystem where students, technologists, creators, and researchers from Academia and Datanox collaborate toward excellence, innovation, and national impact.
